Honorable Art Agnos, Chairman  
Members, Joint Legislative  
Audit Committee  
State Capitol, Room 3151  
Sacramento, California 95814

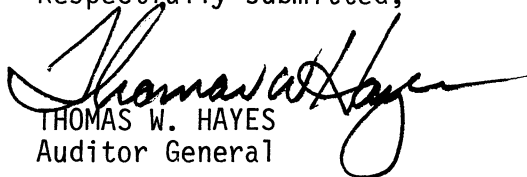

Dear Mr. Chairman and Members:

The Office of the Auditor General presents its financial audit report of the State Treasurer's Statement of Security Accountability as of June 30, 1986.

The State Treasurer is responsible for the safekeeping of all securities owned by or pledged to the State, except those securities owned by or pledged to the University of California. The statement of Security Accountability is only intended to provide an accountability of securities held by the State Treasurer for safekeeping. As a result, the valuation of securities presented in the Statement of Security Accountability are values selected for ease of accountability rather than for purposes of valuing securities to cost or market value. For example, all stock certificates are valued at \$1 per share, rather than actual cash or current market value. Therefore, the values presented in the Statement of Security Accountability should not be used to determine the dollar amounts of investments of, or pledged to, the State. We found that the statement presents fairly the security accountability of the State Treasurer as of June 30, 1986.

We conducted this audit to comply with the California Government Code, Section 13299.1.

Respectfully submitted,

  
THOMAS W. HAYES  
Auditor General

Members of the Joint Legislative Audit Committee  
State of California

We have examined the Statement of Security Accountability of the State Treasurer as of June 30, 1986. We made our examination in accordance with generally accepted auditing standards and the California Government Code, Section 13299.1. Our examination included a count of all securities held for safekeeping purposes in the State Treasurer's vault and included such other tests of the accounting records and auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying statement presents fairly the security accountability of the State Treasurer as of June 30, 1986, in accordance with the basis of accounting described in Note 1.

This report is intended solely for the purpose of complying with the provisions of the California Government Code, Section 13299.1, and is not intended for any other purpose.

OFFICE OF THE AUDITOR GENERAL

  
CURT DAVIS, CPA  
Deputy Auditor General

The accompanying notes are an integral part of this statement.

**NOTES TO THE STATEMENT  
OF SECURITY ACCOUNTABILITY OF THE STATE TREASURER**

1. Summary of Significant Accounting Policies

A. Security Accountability

The State Treasurer is responsible for the safekeeping of all securities owned by or pledged to the State except those owned by or pledged to the University of California. The Statement of Security Accountability provides an accountability for securities held by the State Treasurer for safekeeping and includes the following securities:

- Pooled Money Investment Account securities purchased with available cash from all state funds or accounts that do not have investment authority of their own, all or a portion of the available cash from state funds or accounts having investment authority of their own, state deposits that have not been credited to specific funds in the State Treasury, and balances representing outstanding state warrants;
- Individual state accounts;
- Pledges to secure bank and savings and loan deposits of the State of California;
- Miscellaneous pledges to protect consumers, guarantee contractor performance, and ensure payment of state taxes; and
- General safekeeping accounts.

B. Valuation of Securities

The State Treasurer does not report securities at either book or market value in the Statement of Security Accountability. Securities are valued in the Statement of Security Accountability as follows:

Securities Deposited in the State Treasurer's Vault

- Bonds, commercial paper, certificates of deposit, and surety bonds are valued at par value or face value;
- Stock certificates, Government National Mortgage Association certificates, Federal National Mortgage Association certificates, and Federal Home Loan Mortgage Corporation certificates are valued at \$1 per certificate;

- Real estate mortgage notes held as investments of individual state accounts are valued at \$1 per note;
- Real estate mortgage notes held as pledges to secure bank and savings and loan deposits are valued at their outstanding principal balance; and
- Building certificates are valued at their outstanding principal balance.

#### Securities Deposited With Banks or Trust Companies

- Bonds, commercial paper, certificates of deposit, surety bonds, Federal National Mortgage Association partnership certificates, and Federal Home Loan Mortgage Corporation partnership certificates are valued at par or face value;
- Federal National Mortgage Association certificates (except partnership certificates), Federal Home Loan Mortgage Corporation certificates (except partnership certificates), and Government National Mortgage Association certificates are valued at their original face value;
- Stock certificates are valued at \$1 per share; and
- Real estate mortgage notes held as pledges to secure bank and savings and loan deposits are valued at their outstanding principal balance.

### 2. Pooled Money Investment Account Securities

The Pooled Money Investment Account securities were valued at \$18,228,353,256 according to the methods described in Note 1B; they were reported at book value of \$16,000,733,779 in an affidavit filed by the Office of the Auditor General on March 27, 1987. The difference results from different methods of valuation.

Cash on hand, demand deposits in banks, cash deposited with fiscal agents, nonnegotiable certificates of deposit with banks and savings and loan associations, and amounts due from banks, all totaling \$1,201,027,379, are not included in the Statement of Security Accountability. The Office of the Auditor General counted these amounts as required by Sections 13297 and 13298 of the California Government Code. These amounts are reported as "money and credit" in the affidavit filed by the Office of the Auditor General on March 27, 1987, as required by Section 13299 of the California Government Code.

### 3. Pooled Money Investment Account Agreements To Repurchase Securities

Pooled Money Investment Account securities with a total par value of \$1,102,094,090 were transferred by the State Treasurer to other

parties under agreements to reacquire the securities at predetermined dates and prices. During the terms of the agreements, other parties hold the securities, but the State Treasurer retains all risks of ownership.

4. Other Personal Property

In addition to depositing securities, state agencies also deposit other personal property in the State Treasurer's vault. The following schedule lists entities having personal property in the vault as of June 30, 1986.

<u>Entity</u>	<u>Number of Items</u>
Agency Trust Checks Emergency Stock	35,000
California Pollution Control Financing Authority	3
Department of Developmental Services	9
Department of Housing and Community Development	54
Department of Motor Vehicles	906
State Controller	157
State Treasurer	<u>74</u>
Total	<u><u>36,203</u></u>

Each item or sealed package of personal property is counted individually. Personal property is excluded from the Statement of Security Accountability because personal property items are not securities.

Dear Mr. Hayes:

We have reviewed the draft copy of the report entitled "State of California, Statement of Security Accountability of the State Treasurer, June 30, 1986." Since this report reflects no discrepancies and requires no corrective action on the part of the State Treasurer, we have nothing to add to your findings. Thank you for the opportunity to respond.

Sincerely,

A handwritten signature in cursive script that reads "Kenneth R. Cramer".

Kenneth R. Cramer  
Assistant State Treasurer
